

EPA Timeline

Civil Engineering Site Management version 1.0 (Including IEng MICE)

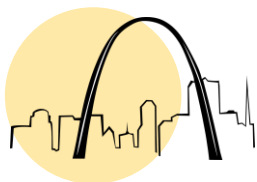

Practical period

Working towards KSBs, accredited degree qualification, CPD records, completion of site certificates and employer training (ICE IPD)
If applying for IEng MICE:

- Identify 2-sponsors (ICE for lead sponsor)
- Completion of ICE IPD

Ensure you refer to the latest version of the [EPA guidance](#) when planning and **before** making your application.

Gateway

- Completion of all aspects of the apprenticeship
- Check ICE's [EPA guidance](#) or IfATE's assessment plan for full requirements

EPA planning

Plan your EPA submission

- Review [EPA application dates](#)
- Select target application date

EPA preparation

Write report of 4500-5000 words, and:

- 2-page CV
- Appendices
- CPD records

Application acknowledgement

ICE confirms:

- Application
- EPA date
- Assessors

Complete, CHECK and submit EPA application

- Ensure all evidence is included in your application
- It will be rejected if anything is missing

EPA preparation (IEng MICE only)

- Confirm sponsors
- ICE IPD signed-off

Before EPA day

Submit written report 4-working weeks before EPA

EPA day

- A presentation
- A structured interview
- Written examination

Result

- 4 to 6 weeks after EPA day
